## INVESTMENT INFORMATION:

1) **Summer House** - is being offered on an "All Cash" basis (Buyer to obtain new financing). The property is a 120 unit, "A" grade, garden style apartment community. It is located in the Angleton area of the Houston MSA. This area has good accessibility to the business district along Hwy 288 and the Hwy 35 bypass (523). The property was built by the current owner and has been well taken care of. The owner has expended \$1M+ in CapEx since January 2020. Each unit has washer and dryer connections with the appliances included as well as individual electric hot water heaters. Summer House has a stand alone leasing office with a clubhouse that includes a kitchen, an exercise room and a large banquet room for tenant functions. The property has 276 parking spaces of which 99 are covered spaces and 35 are detached garages.

2) **Location & Accessibility** - the property is well located in the Brazosport Area in the city of Angleton. It benefits not only from the employment generated in Angleton but also by the employment generated by the petrochemical plants in the Freeport area which is approximately 15 miles southeast of the property and from the employment generated in the city of Lake Jackson approximately 4.5 miles south of Angleton as well as employment generated by Houston and surrounding areas. Lake Jackson has rents that are \$150 to \$200 over the rents at Summer House, which makes Summer House an attractive place to live for many of the Lake Jackson area employees. Angleton is approximately 30 miles south of Houston and a short 20 minute commute to Surfside Beach. Major Transportation arteries within minutes of the property are Hwy 288 and old Hwy 288, Hwy 35 Bypass, TX-35, TX-6, TX-36 and Beltway 8-Sam Houston Tollway. The property is adjacent to the new Angleton high school campus as well as its massive sports facility. Some property amenities include - available Cable, Convenient Access to Major Transportation Arteries in the area, Convenient Commute to the Industrial Complex in Freeport and to the employment in Houston, Washer and Dryer Connections including the Appliances in all units (there is no Laundry Facility on site), Ample Parking (Open, Covered and Detached Garages), Sitting and Grilling areas, Pool, Storage, Perimeter Fenced with Access Gates and each unit has Private Ground Access and has a Fire Sprinkler System.

3) **Strong Rent Growth** - Today's economic climate is conducive to a favorable rental market for owners. Higher interest rates are keeping homeownership out of reach for many renters and is keeping them in the rental market for a longer period of time. This should allow the market to see continued growth in occupancy and in rents.

**Summer House** apartments is located in Angleton, Texas and is a 120 unit apartment community located at 4 Stadium Dr. in Angleton, Texas. The property is convenient to the public schools and is adjacent to the new Angleton H.S. campus. Angleton is the County Seat of Brazoria County. The property is about 30 miles south of Houston and approximately 15 miles northwest of the Freeport Chemical Complex. Its location benefits from the employment generated by the plants in the Freeport Chemical Complex as well as area employment. Summer House is situated in an "A" area of Angleton and is situated near the elementary, Jr. High and is adjacent to the new Angleton High School campus.

The asset is an excellent opportunity for an investor to purchase an almost stabilized "A" property in Angleton. The community is one of the best communities in the Angleton area and its good location has allowed the owner to consistently increase the rents year over year. There is a RUBS in place for water and the property has a lawn sprinkler system that is individually metered. In addition, each unit has a fire sprinkler system. There is gas on the property, but only for the common area and the expense is minimal, the units are all electric including the individual hot water heaters. Major transportation arteries in the area are a few minutes from the property and offer residents an easy commute to most of the major employment areas as well as a convenient commute to Houston.

The owner states he completed **\$1M+ in capital improvements since Jan 2020**. Some of those improvements include; numerous appliances, ac's, heat exchangers, flooring, foundation improvements, full paint in 2023, fencing, cameras, gate improvements and more. The property has been owned by one owner and that owner is also the builder.

Port Freeport currently ranks 15th among U.S. ports in international cargo tonnage handled.

### BAYPORT INDUSTRIAL DISTRICT

A chemical and chemical specialty complex with facilities belonging to more than 70 American and foreign companies, the Bayport Industrial District is amongst the largest

private industrial complexes in the United States. The complex is

comprised of 12 square miles/8,500 acres and is adjacent to Pasadena and La Porte. The complex contributes over \$6 billion to the local economy, while its diverse manufacturing community employs over

15,000 people. Companies in the district collectively spend more than \$2.5 billion annually on operating and capital improvements, related to pollution control and abatement. The Bayport Terminal, which contains a major new cargo container shipping terminal and a cruise ship terminal, is adjacent to the Bayport Industrial District. The district also features over 70 specialty chemical companies, operating on a global scale.

### HOUSTON INNOVATION CORRIDOR

Located at the center of an extraordinarily powerful social and economic convergence, the four-mile-long Corridor is linked by light-rail, bike lanes, and pedestrian thoroughfares. Anchored on the south by the world's largest medical complex, the Texas Medical Center, and top-ranked Rice University, the Corridor runs north along Houston's light-rail line through the verdant 700-acre Hermann Park and oak-lined boulevards of the Museum District. It continues past the eclectic Montrose neighborhood and through Midtown. The Corridor reaches its northern boundary in Downtown Houston. It also features professional sports, numerous museums, countless parks and green spaces, one of the largest theater districts in the country and a highly acclaimed restaurant and nightlife scene.

### DOWNTOWN HOUSTON

With already more than 4,161 companies employing over 166,231 full-time employees housed in over 52.5 million square feet in total office space, Downtown Houston has an additional 12.8 million-square-feet of premier office space in the plans. 20 Fortune 500 companies have offices in Downtown Houston, with 10 of those, having headquarters in the downtown area.

### PORT OF HOUSTON

Perhaps because Houston is 50 miles from the Gulf of Mexico, many people don't realize the region is home to one of the world's largest seaports, ranked No. 1 in the U.S. for total foreign and domestic waterborne tonnage. East of Downtown Houston, the 52-mile Houston

Ship Channel connects Houston to the sea, with nearly 200 private companies making up the Greater Port of Houston. Petroleum and related products are the leading import and export commodities. The overall economic impact of the greater port nationally includes 3.2 million jobs, \$801.9 billion in economic value, and more

an advance reservation.

than \$38.1 billion in tax revenue. You can take a free 90-minute tour of the port with

### ECONOMIC DEVELOPMENT

Angleton is a thriving community that offers the best of both worlds – a small-town atmosphere with many of the conveniences of the big city. Located just minutes from Houston to the north and the Gulf Coast to the south, Angleton boasts excellent schools, affordable housing, a low crime rate, and a great place to live, work, play, and retire! The City of Angleton is a pro-business community ready to partner with retail and commercial businesses to help both entities be successful.

### REGIONAL TRADE FORECAST

A part of Angleton's strong economic forecast results from the spinoff from the region's major petrochemical investments. Since 2013, over \$35.86 billion in new investments have been completed or were planned through 2021, in the Gulf Coast Region. The projects include Dow's new Research and Development facility. This high-dollar investment infusion reveals the supreme confidence that prominent businesses

have in the future of the area. More than 8,000 direct and indirect jobs and thousands more temporary positions to the trade area are anticipated.

### BRAZORIA COUNTY

#### INDUSTRIAL GATEWAY TO HOUSTON

Brazoria County, Texas - Known as the Industrial Gateway to Houston, is the fastest growing county in the region, with over 345K residents in its 24 cities. It is also part of the Greater Houston MSA. The county is located on the prairie of the Gulf Coast at the mouth of the Brazos River in Southeast Texas, and is bordered by Matagorda, Fort Bend, Harris, and Galveston counties. Brazoria County covers an area of 1,407 square miles of land, 251 square miles of water, and 20+ miles of beaches. Its highest altitude, Damon Mound, is 146 feet above sea level.

#### ACCESS TO THE NATION, TO THE WORLD

Four major state highways bisect Brazoria County. These roadways stretch across Texas and connect with major interstates in the Houston Metro, which traverse across the USA. Brazoria County connects with the world through the international deepwater port, Port Freeport. The county is also home to Texas Gulf Coast Regional Airport, a county-owned reliever airport with a 7,000 ft runway.

### BUSINESS IS BOOMING

Business thrives in Brazoria County because we have the available land and workforce businesses need to succeed. The county draws from an expansive, highly skilled labor pool, with over 1,850,000 workers within a one-hour drive. More than 9,000 workers alone are employed in 25 companies located in Brazoria County's Global Petrochemical Center. There are also three college campuses in the county, dedicated to educating and training our future workforce as well as trade schools, colleges, and major universities in the Houston Metro, including several renowned Tier One universities.

### SUSTAINED RAPID GROWTH

The population in Brazoria County is 345,995, up 15% from 9 years ago. Brazoria County has seen the job market increase by 3.1% over the last year and future job growth is predicted to be 34.2% over the next ten years, which is higher than the US average of 33.5%.

Brazoria County as a whole, hosts a robust business climate with its bustling location on the Gulf Coast near the Houston Metro, access to national and international transportation outlets, strong infrastructure, and pro-business leadership that supports and advocates economic growth.

# Angleton Facts

## A GREAT QUALITY OF LIFE

A great quality of life is highly attractive to businesses, drawing in desirable talent. ## ANGLTON LIVING

Nearby Houston is rich in sporting culture. Area residents are active in many spectator and participant sports. Fans attend events including Houston Texans (NFL) games at NRG Stadium, Houston Astros (MLB) games at Minute Maid Park, Houston Rockets (NBA) games at the Toyota Center and the Houston Dynamo (MLS) games at PNC Stadium.

Angleton is home to 9 parks, Bates Park, Brushy Bayou Park, Welch Park, Dickey Park, Freedom Park, Masterston Park, Veterans Park, and B.G. Peck Soccer Complex & Park. The city also provides easy access to many of the historical sites and nearby museums that showcase the rich history of the area, and is home to the 60 ft. statue that honors the "Father of Texas," Stephen F. Austin. Some of the sites include Brazoria County Historical Museum, Ring of

Honor, and the Angleton Recreation Center. Many more attractions are located within 50 miles of Angleton.

Being in such close proximity to the Gulf of Mexico offers visitors the opportunity of numerous outdoor activities or simply a great day at the beach. The Brazoria National Wildlife Refuge is another interesting location in the area. In addition, the City of Angleton is home to The Crocodile Encounter and MSR Houston, a premier racing facility for thrill seekers and karting enthusiasts. Popular local events include Market Days, held two times per year; Freedom Festival; the Brazoria County Fair; Austin Town Festival and Heart of Christmas Celebration, each held annually.

## CLIMATE

The climate in this area is characterized by hot, humid summers and generally mild to cool winters. April, November and March are the most pleasant months in Angleton, while August and July are the least comfortable months. The city of Angleton receives 53 inches of rain, per year, on average and has about 200 sunny days per year.

## Market Drivers

As the increasing availability of data highlights the value of targeting submarkets, we should not lose sight of a bigger, slow-moving shift taking place in the U.S. Social and economic trends have caused a steady domestic migration of population and jobs to the South and West regions over the last half century and increased during the pandemic as citizens migrated to states that were open for business.

The migration is being driven by a combination of economic, social and technological factors. Individuals and corporations have moved to lower-cost markets, and corporations are relocating to metros that are more business friendly or have developed specialties in fast-growing business segments such as technology or health care. Technology makes both individuals and corporations more mobile than before, and as the economy grows more service-oriented, businesses are less tied to physical locations. Migration also favors metros with warm climates and attractive physical characteristics. Policy choices are likely to continue migration from core cities. The 2017 tax law eliminated the ability to deduct state and local taxes from federal income, which adds to the burden of residents of states with high property taxes, particularly Illinois, New York, New Jersey and California.

Houston is one of the greatest cities in the world. The economy is strong, the culture is diverse, and the quality of life is spectacular. It all combines to make this the perfect place to do business. From energy to health care and aerospace to information technology, the Houston region offers a strong infrastructure to support these growing industries plus a thriving innovation landscape to launch the next generation of companies. Add in a highly trained and skilled workforce ( 1.5 million is the number of Houstonians, 25 years or older, with a bachelor degree), **3.1 million jobs in the Houston MSA** and you have the makings of one of the nation's strongest economies.

The Houston MSA is a great deal and an ever-growing population is discovering the secret. Houston's living costs are 26% below the top 20 metro average. **Below are some of the significant Relocations and Expansions to Houston MSA in recent years.**
